Gulf TRANSCREST[®] SYNTHETIC HEAVY DUTY (HD) ATF

Nu-Tier Brands/Gulf Lubricants Introduces:

Gulf TRANSCREST[®] SYNTHETIC HEAVY DUTY ATF

Meets Allison TES-295 and TES-389 Performance

This new fully synthetic transmission fluid is specially formulated for heavy duty automatic truck and bus transmissions operating under severe service conditions. Recommended for any application that calls for **Allison TES-295** or **Allison TES-389** performance levels where extended drain intervals are required.

Application: Gulf Transcrest[®] Synthetic Heavy Duty ATF is designed to meet the demanding requirements of modern heavy duty automatic transmissions often found in municipal transit buses, school buses, emergency vehicles, refuse vehicles and commercial utility vehicles. It is also an excellent choice for passenger cars and light trucks requiring General Motors DEXRON[®]-III as well as Ford MERCON[®] and MERCON[®] V, especially for those vehicles operating under moderate to severe service.

Product ID #330045

Details: Available in 5 Gal Pails, 55 Gal Drums, Totes and Bulk

Note: Gulf Transcrest[®] Synthetic Heavy Duty ATF is not OEM-approved under TES-295 or TES-389 certification. It is not officially licensed or approved by Ford or General Motors.
