

Introducing...

TRANSCREST[®] **MTF 40** **Synthetic Manual Transmission Fluid**

Now Available in One-Gallon Containers

Synthetic **Manual Transmission Fluid** formulated to meet the new performance demands outlined in new Eaton PS-386 specification (*supersedes PS-164 Rev 7, SAE 50*). Designed for fuel efficiency and extended drains in heavy duty commercial vehicle manual transmissions that require a **non-EP** fluid.

Transcrest[®] MTF 40 is engineered to replace Synthetic Transmission Oil **SAE 50** for older Eaton Manual Transmissions to provide customers with one product to lubricate new and older Eaton Transmissions.

Suitable for use when the following performance requirements are outlined:

- API Service Category MT-1
- Eaton PS-386
- Eaton PS-164, rev 7 (obsolete)
- Mack TO-A PLUS
- Meritor O-81
- Navistar MPAPS B-6816
- Volvo iShift
- Mack mDrive
- ZF FreedomLine[®] (AS-Tronic)

DETAILS

- 4/1 Gallon containers will be available beginning the week of November 12, 2018
- Available at Niagara Falls, NY source point
- Currently available in bulk, totes, drums and pails
