

Product Bulletin

GULF SNOW PLOW OIL *Premium Low Pour Hydraulic Oil*

Gulf Snow Plow Oil is a high quality, high performance snow plow oil specifically engineered for extreme low temperature conditions. Formulated from state-of-the-art additive technology and high quality base oils, **Gulf Snow Plow Oil** provides exceptional anti-wear performance, outstanding rust and corrosion protection, long service life, excellent oxidation stability and outstanding cold temperature performance where dielectric (insulating) oil is required. Product is dyed red for easy detection of leaks.

FEATURES AND BENEFITS:

- Excellent anti-foam and anti-wear properties
- Outstanding low-temperature flow and pumpability
- Rust and corrosion protection for all metal components
- Anti-wear protection for pumps, motors, valves and other hydraulic components

APPLICATIONS:

Gulf Snow Plow Oil can be used in industrial and mobile hydraulic systems when used in accordance with equipment manufacturers' recommendations especially when operating in cold climates. It is designed for applications where dielectric (insulating) properties are required as in bucket trucks used for tree trimming and fruit picking. It can also be used in hydraulic lifts and public utility vehicles.

Typical Properties*

Product Code	334338
ISO Viscosity Grade	15
Color, Visual	RED
Viscosity, cSt @ 40°C, ASTM D-445	15.0
Viscosity, cSt @ 100°C, ASTM D-445	4.0
Viscosity Index, ASTM D-2270	170
Pour Point, °F, ASTM D-5949	-50
Flash Point, COC, °F, ASTM D-92	320
Rust Test, ASTM D-665 A&B	Pass
*Dielectric Strength. ASTM D877, KV, minimum	32

**Note: Values shown are typical values only. Minor variations in product are to be expected in normal manufacturing. Always confirm with the original manufacturer's recommendation for proper equipment operating requirements.*

**Note: Dielectric properties are measured at the point of manufacture (when packaged) at select Gulf manufacturing sites. A reduction in dielectric strength can be expected depending on humidity and particulate contamination. Containers should be kept tightly sealed and stored in a clean, dry environment. Dielectric performance applies to original packaged goods only.*

AVAILABILITY:

Gulf Snow Plow Oil is available throughout Gulf's marketing area. Your Gulf representative can provide specific information. For additional information visit www.Nu-tierbrands.com
