

Product Bulletin

GULF STAMPOL CF

Gulf Stampol CF is a premium, chlorine free stamping oil specifically designed for medium to difficult stamping operations. **Gulf Stampol CF** is engineered with a highly concentrated blend of extreme pressure, anti-weld and lubricity agents to provide excellent wetting and superior extreme pressure characteristics to help provide improved parts quality as well as long tool life. This product contains active sulfur, which makes it non-suitable for use with copper and brass alloys.

FEATURES AND BENEFITS:

- Excellent Extreme Pressure Properties
- Good Flushing Action
- Improved Surface Finish
- Promotes Long Tool Life
- Chlorine Free
- Excellent Anti-Wear Properties
- Excellent Removal Rating
- Excellent Cooling Properties
- Good Wettability
- Anti-Weld Prevention

Typical Properties

Product Code	335403
Viscosity, cSt @ 40°C	63.0
Sulfur, %	1.02
Active Sulfur, %	Present
Fat, %	Present
Chlorine, %	None
Flash Point, °F	398
Specific Gravity 15.6°C	.8894
Density, lbs/gal	7.41
